

For further information about any of these Seafood Innovations Ltd (SIL) projects,
please contact SIL's General Manager Anna Yallop: anna.yallop@seafoodinnovations.co.nz, 021 799 314

Project #	Project title	Research Provider
#0501	Mackerel (Parts 1 & 2)	Crop and Food Research
#0502	Organic Farm Certification	Crop and Food Research
#0503	Harvesting, handling and quality	Crop and Food Research
#0504	Hydrolysates from By-catch	Crop and Food Research
#0505	Fish harvesting, processing & quality	Crop and Food Research
#0506	Processing & Product Innovations	Crop and Food Research
#0507	Bioactives Review	Scarlati
#0508	Protein extraction from species	Canesis
#0509	Chilled Seafood Optimisation	Crop and Food Research
#0510	Open Ocean Fin-Fish Farming	Cawthron
#0511	Open Ocean Aquaculture	Cawthron
#0512	Oyster Opening Automation	Industrial Research Ltd
#0513	Mussel Opening Automation	Industrial Research Ltd
#0514	Lobster Quality	Crop and Food Research
#0601	Paua project	Massey
#0602	Live Mussels	Crop and Food Research
#0603	Oyster Spat Growing	NIWA
#0604	Fishing Gear Feasibility	Crop and Food Research
#0701	Knowledge Gaps - Literature Review	LECG et al.
#0702	Inshore Gear - Energy Efficiency	Clement & Assoc.
#0703	By-products from fin fish	Massey
#0704	Mussel added value	NIWA
#0705	Hatchery Spat	Cawthron
#0706	Oysters	NIWA
#0707	Clams	NIWA
#0801	Lobster handling	Crop and Food Research
#0802	Maximising Meat Yield & Quality	Cawthron
#0803	Developing New Species Capability in Finfish Aquaculture	Crop and Food Research
#0804	Management Procedures for NZ Fisheries	Trophia Ltd
#0805	Roe Enhancement	NIWA
#0806	Oyster Aquaculture	Cawthron
#0807	Hoki project	Crop and Food Research
#0901	Improving CPUE Through Improved Gear Technology	Challenger Finfish
#0902	Finfish Genetic Enhancement	AgResearch
#0903	Cod Ecosystems	SMS Ltd/SeaFIC
#0904	Data logging	Zebra-Tech
#0905	Chilled Seafood Optimisation - Phase 2	Plant & Food Research
#0906	Airlift Implementation	Plant & Food Research
#0907	Airlift 2	Plant & Food Research
#0908	Technology for Shellfish	Cawthron
#1001	Protocols/Technology for Spat	Cawthron
#1002	Data logger Database	Dragonfly
#1101	Automated Oyster Opener	Rycon Ltd
#1102	Species Abundance Data	Dragonfly
#1103	Silage for Livestock	Lincoln University
#1104	Pest Removal Technologies	Industrial Research Limited ,Plant & Food Research, University of Auckland
#1105	Trident	Various
#1301	Video Observer	Various
#1302	Nutritional Status of Marine Species	NIWA
#1303	Genetic Markers	Victoria University of Wellington
#1304	Oyster Aquaculture	Cawthron
#1305	Advanced Seafood Processing	Titan slicer
#1401	Farm Seabed Project	Cawthron
#1402	Spat Retention	University of Auckland
#1403	Species Biomass Estimation	Auckland University of Technology
#1404	Environmental Prediction for Farming	AES Ltd
#1406	Crab Fishery	NIWA
#1407	Live Export	NIWA
#1501	Fish Nutrition	Cawthron
#1502	Pest species removal 2	Callaghan
#1504	Debyssing	Cawthron

#1505	Calcium product	Massey
#1506	Rapid Environmental Monitoring	Cawthron
#1507	Harvesting Device	Callaghan
#1508	Quantitate PCR Development	NIWA
#1701	Fish relocation	PICL et al
#1702	Harvesting Device 2	Callaghan
#1703	Novel tools data based decision making	Trident
#1705	Farm Seabed Remediation 2	Cawthron
#1706	Optimising oyster production	Cawthron
#1707	Restoration of juvenile habitat	NIWA
#1708	High Value Extracts	Cawthron
#1710	Technology for efficiency and selectivity	Auckland University of Technology
#1711	Oyster spat	Cawthron
#1802	Variation in Bioactives	Cawthron
#1803	Mechanical harvester	Auckland University of Technology
#1804	Validation of a tool for monitoring fish farms' footprints	Cawthron
#1806	Automated pin boning of King Salmon	Scott Technologies
#1807	Fish Population Genetics	Victoria University of Wellington
#1808	Maximising benefits from the introduction of ER	Fisheries Inshore New Zealand
#1810	Waste streams from fish	West Coast Natural Oils, Callaghan, Cawthron, Eurofins
#1811	Electrospun collagen nanofibres	Revolution Fibres, Sanford, Cawthron, University of Otago, Trinity, Callaghan, P&F
#1814	By-catch reduction	Bye Bycatch, Trident, and consultants
#1901	Tracking of whales	Cawthron
#1904	King Shag Research Programme	Wildlife Management International
#1905	Fish By-product Analysis	Callaghan Innovation
#1906	Zealafoam: An Alternative to Expanded Polystyrene	Biopolymer Network
#1907	Assessing the efficacy of spat collection techniques	Cawthron
#1908	Datalink - Video Feed/At Depth Release	Plant & Food Research
#1909	Domestication of a new species	Cawthron
#1910	Alternative Baits	MacDonald and Associates
#1912	Marine Collagen	Smart Membrane Solutions
#1913	GSM Project	SPATnz
#1915	Live Export	Cawthron
